

CCS Chromebook User Agreement

Community Christian School requires every 7th-12th grade student to bring a Chromebook to school everyday as a part of their daily school supplies. Each parent and student must sign this Chromebook User Agreement form agreeing to comply with the following guidelines:

- CCS Administration and Staff will be allowed complete admittance to the settings on a student's Chromebook and allowed total access to anything saved on a student's chromebook.
- There will be a **ZERO** tolerance policy for any inappropriate image found on a student's Chromebook. The laptop will be taken from the student, and the parents of the student will need to meet with CCS administration in order for the laptop to be returned.
- Parents must take complete responsibility for providing a Chromebook laptop that is in working order to be used throughout the school year.
- Students are responsible for bringing their fully-charged Chromebook to school each day. We do not have the capability to provide a charging location for students to charge their laptop in class.
- Students must take complete responsibility for the day to day care of the laptop.
- Community Christian School does **NOT** have additional Chromebooks for the students to use if they neglect to bring their laptop to school. Students will be responsible to make-up any work that they were unable to complete during class because they did not bring the necessary materials to school. It is at the teacher's discretion if they choose to give a student a lower grade because they came to class unprepared.
